RE: 220 ILCS/5-8-201.10 subsection (b) Monthly Compliance Report (Water)

Attached with this filing is the above public utility's monthly report (water) in compliance with 220 ILCS 5/8-201.10 that reflects data for May 2022.

- This compliance report (check one):
 - ☐ Includes low-income residential customer data
 - ☒ Does not include low-income residential customer data
- If the measurement period used for Metric #1 (the number of customers) is not as of the end of the month, please indicate the measurement period used (e.g. beginning of the month, monthly average):
 - For residential customers -
 - For non-residential customers -
- If certain metrics do not apply to the public utility and the value of zero (0) has been entered, indicate below those metric numbers and explain why they are not applicable:
 - Deposits – IAWC does not take deposits for new set ups for customers.
 - A zero in any column other than those concerning deposits indicates that no customers fit the criteria of that particular question. For example, there may be zero residential water customers in a certain zip code that received a disconnection notice.
- Important notes regarding this compliance report are as follows:
